

## YOUR PRESCRIPTION FOR SUCCESS

Prescription delivery aligns pharmacies with evolving customer expectations. Through our technology, providing a level of service that sets you apart from the competition.

## SOFTWARE FEATURES

### YOUR DATA, YOUR RULES

Ensuring the security of your data is our top priority. We do not engage in the sale of your information.

### HIPAA COMPLIANT

End to End encrypted platform ensures PHI is secure.

### PROOF OF DELIVERY

View proof of delivery images and signatures through your own private portal. Records are stored 10 years for auditing purposes.

### GPS TRACKING

Live tracking portals provide pharmacies with instant delivery status, enhancing patient experience.

### INTEGRATION

Seamless integration with top pharmacy management softwares, providing a unique advantage to operations.

### OPTIMIZED SOLUTIONS

Customization of software features, processes, and workflows to pharmacy's operations

### RETENTION TOOL

Dedicated tools for analyzing patient engagement and minimizing attrition rates.
